

ART GARDEN

Art Garden is one of the projects in the eastern part of Abbas Abad cultural tourism area and is designed according to the concept of art in the form of an Iranian garden that encompasses the Koushk building and houses poetry, role and music around it. Each of these houses has its own section of art, and will be a hangout for those interested in the field.

SKATE PARK

With an area of 4279 square meters in the south part of the Port of Gardens and north of the Silk Bridge, the design of the park has been complied with all international standards. .

SILK BRIDGE 1

Silk Bridge1 is the first bridge on the north-south route of the tourism zone, which is listed as cable structures. This beautiful bridge was built with length 158meters on the Hemmat Highway as a space for access between the two ports garden and sky trips garden . It is also named after the ancient and ancient Silk Road.

SILK BRIDGE 2

The Silk Bridge 2, 48 meters long, is the second bridge in this section, connecting the Solar System to the Nowruz Gardens with its massive clad structures and eye-catching views. Built for the purpose of protecting the climate on the flower market, the bridge has not allowed pedestrians to cross easily and to view the lower part of the bridge, which is full of flowers and plants sold at the flower market and a beautiful landscape Created to sit back.

HOUSE OF POETRY AND LITERATURE

The House of Poetry and Literature was inaugurated in 2013 with the aim of creating a national center for connecting citizens with the literary community, poets and pioneering writers and professors and young writers. Unmatched for Iranians in song, poetry and literature, Iran has become an ideal platform for immediate engagement in the country's literary subjects. We have been among the goals of building, opening and operating the center. Also inaugurated is Nader Ebrahimi's Living Library and the country's Museum of Literature and Literature, which is set to be launched this year. The conference hall, classrooms, libraries and museums The facilities of this public and specialized center are in Abbas Abad complex.
